

The screenshot shows a control panel for P514J0106. At the top, a blue header bar contains the text "P514J0106" and "0.00 psig". Below this, a large blue wavy line represents a signal or data flow. To the right, a red wavy line is visible. A central menu titled "Choose a subview" is open, listing several options: "Hold Reading (HOLD)", "Maximum Reading (MAX)", "Minimum Reading (MIN)", "Alternate Unit(ALT)", "Rate of Change (RoC)", "Superheat / Subcool (S/H or S/C)", and "Pressure / Temperature (P/T)". The "Pressure / Temperature (P/T)" option is highlighted in blue. Below the menu, a "Cancel" button is visible. In the bottom left corner, a small icon of a blue device labeled "P500" is shown. The bottom right corner displays the text "P514J0106's Subviews".
